HOW WE OPERATE

Our values are important to us, and we strive to work with founders and executives who operate the same way. We take a collaborative approach and communicate transparently to provide support where it's needed without getting in your way.

Patient

Long-term approach with no pre-determined investment horizon

Data-driven, results-oriented

We help you find insights to create value

Collaborative

Supportive and management-friendly

Transparent

Clear and honest communication

Aligned

We share the same goals and do well only when you do well

Careful

Conscientious risk management and modest use of debt
